DEPUTIES' MEETING

Monday, 22 July 1957

PRESENT: Mr. Dulles, Gen. Cabell, Mr. Wisner, Mr. Amory,  
[redacted] Messrs. Lloyd, Helms, [redacted] Sheldon,  
[redacted]

Mr. Dulles:

a) Noted the Research Program of the Economic Research Area for FY 58 and stated that in the future he would like to discuss this Program with the DD/I and AD/RR before it is put in final form in order that he might have an opportunity to give his views on projects to be covered.

b) Noted a State cable respecting possible changes in the government of Yemen and asked DD/P to follow up on this matter.

General Cabell:

Mr. Helms pointed out that in attempting to reduce personnel and save money this is one of the projects considered marginal and for that reason it was recommended that the Services individually conduct this activity. He also commented there is no big push or rush on our part to drop it, however, it could just as easily be conducted elsewhere. After some discussion it was agreed to take this matter up with the members of the IAC.

Mr. Wisner:

a) Referred to the discussion at the Deputies' Meeting on Friday, 19 July, respecting [redacted] and the possibility of his visiting the U.S. After some discussion the Director stated we should continue along the lines as heretofore but should not "put out any new blast".
